

Welcome to “Vitreoretinal Surgery: Beyond the Conventional Cuts and Peels”—a high-octane instruction course crafted for the modern retinal surgeon. From edge-of-your-seat membrane dissections in **"Peel It Like It's Hot"**, to gut-check moments in **"Oops in the Vitreoretina OR"**, we explore real cases that challenge reflexes and rethink routines. "The Retina Diaries" takes you through a rollercoaster year of rare cases and bold decisions. Master the art of ambidexterity in **"Double Trouble"**, and survive the unexpected in **"Slip, Snap and Sink"**, our SF-IOL complications survival guide. Finally, embrace the future with **"Cutting edge"**, showcasing innovations pushing the boundaries of conventional vitrectomy.

DATE 14.03.2026 Location – Meeting Room L-03 Time – 8AM-855AM

Vitreoretinal Surgery – - Beyond the conventional cuts and peels
